OBJECTIVE

Aspiring UI/UX Designer with a foundation in HTML, CSS, JavaScript, and a growing command of modern design tools. Passionate about building accessible, user-friendly digital experiences and eager to contribute to creative product teams.

EDUCATION

B.Tech in Computer Science, JIMS Engineering Management Technical Campus, Greater Noida 2022-2026

SKILLS

Design Tools: Adobe XD (in progress), Figma (in progress), Canva
Development: HTML, CSS, JavaScript (basic web interfaces)
Soft Skills: Team collaboration, Attention to detail, Fast learning, Feedback integration

PROJECT

Portfolio Website

Company Name

- Designed and coded a personal portfolio website from scratch to showcase design work and projects.
- Responsive across devices; structured using semantic HTML and clean CSS.

UI Practice Case Studies

Figma

- Working on wireframes and mockups for a weather app, login screen, and a simple e-commerce product page.
- Focus on consistency, color contrast, spacing, and hierarchy.

EXTRA-CURRICULAR ACTIVITIES

- Participated in quick UI/UX design challenges on Figma Community to improve visual layout and user flow skills.
- Shared designs with peers for feedback, focusing on mobile-first design and accessibility best practices.

LEADERSHIP

- Led the front-end design for a collaborative student portfolio project, ensuring consistency in UI components and responsive layout across team contributions. Additionally, conducted a beginner-friendly HTML/CSS workshop in college, mentoring over 30 peers on foundational web and design principles.
